

SUGGESTIONS IN PREPARATION  
FOR PRESENTING  
TODAY'S MODERN DAY PRINCESS

You have caught the vision and now you desire to implement "**Today's Modern Day Princess**" in your community. There are some necessary appointments and meetings that must be made for you to share this vision and get started.

**Meeting with Community Leaders/Teachers/Mentors**

Key points as to why you want them on board with you:

- ❖ They will be assisting you in igniting the spark in the hearts of the teen girls that they work with to take the class. (Provide brochures)
- ❖ They usually have a rapport with the parents of these girls. Ask if they would be willing to write a letter recommending the class to the parents. Or, ask permission to use their name and their recommendation in the letter you will write to the parents.
- ❖ If this individual is a man, let him know that he may be called upon by a girl attending the class to be the man to pronounce words of affirmation upon her, if she should not have a father or other man of influence in her life.
- ❖ Share why you have a passion to see this happen in your community.
  - a. Have the leader's guide and girl's notebook journal available for their review.
  - b. Make the recommendation that to get this started, it would be beneficial to offer this to all girls from 8th-12th grade who would like to participate in the inception of what can become a tradition within your organization. Thereafter it would be for 8th grade girls (for example) or new girls
  - c. Ask if they would be willing to promote this by distributing flyers for the Daughter/Parent Meeting.

Let them know that after the video is shown, you would like permission to have an address and telephone list of all the girls in their organization from 8th-12th grade with the purpose of notifying them of the first Daughter/Parent meeting.

## **Communicating with the Youth**

- a. With the cooperation of the Teachers/Mentors/ Leaders, ask to attend a meeting or class a few times prior to the class so the girls can get to know you personally.
- b. Send out a personal invitation to each girl and a separate letter to her parents regarding the Daughter/Parent meeting.
